

Simple Direct Cremation Fully Inclusive Cost of £1,280, plus cremation fee, additional options are available, but not necessary.

An Unattended or Direct Cremation provides a more affordable alternative to a traditional funeral service, without compromising the quality of care. We appreciate that not everyone wants a traditional funeral service and so we offer our Simple Unattended Cremation. An unattended cremation is arranged with the minimum of fuss – there is no service and therefore no mourners can attend.

The Benefit is that the costs normally associated with a traditional funeral service are avoided, such as limousines, orders of service, preparation for chapel, flowers etc. When you instruct Lee Fletcher Funeral Services, you can rest assured the arrangements are in the safe hands of knowledgeable dedicated professionals who have all the necessary staff and facilities available to carry out your wishes with dignity and respect.

As there is no funeral service, this leaves family and friends free to arrange a celebration of life or some other informal gathering at a time and place of their choosing.

WHAT HAPPENS:

We take care of all the necessary documentation. Your loved one is looked after at our funeral home in either Cosham or Havant and treated with dignity and respect until the day of the cremation. The coffin is transported in a dignified vehicle to a crematorium of our choosing on a date and time arranged by ourselves.

INCLUDED IN THE COSTS:

Our professional services to include administration, advice and making the necessary arrangements with the crematorium.

Removal to our funeral home from within a 15-mile radius, 24 hours a day, *additional charge for mileage outside of this radius.

Conveyance to the crematorium in a dignified vehicle, not an enclosed van.

Provision of a simple coffin with engraved nameplate.
